DEPOSITS

Unless pre-approved credit has been established, rental deposits and proper ID are required for each item rented.

RENTAL RATES

Construction equipment is available to rent by the day, week or month.

One day = 24 hours

One week = 5 consecutive days

One month = 28 consecutive days

Double or Triple Shifts Charges will be applied if equipment is used in excess of 8 hours a day, 40 hours a week or 160 hours per month. If longer than standard periods of time are needed, Total Tool will create an agreement to fit your needs.
