SAFETY ENHANCEMENTS

**As of January 2025, OSHA standards mandate
that all PPE fits each worker properly.**

NEW OSHA STANDARD UPDATE

**As of January 13, 2025,
OSHA amended standard
29 CFR 1926.95(c), which
now explicitly requires
construction employers
to ensure all PPE fits
each worker properly.**

WHAT THIS MEANS FOR YOU

- Employers must provide PPE that fits workers properly based on their body size and shape to minimize hazardous and unsafe work conditions.
- Employers who fail to provide proper-fitting PPE can face citations, penalties and costly fines. Partner with your Total Tool representative to ensure your crew's PPE fits correctly—and keeps them safe on the job.
